

New Grants Awarded 2024-2025

Grants Totaling \$2,016,289 sorted by Strategic Focus Area

Economic Development

Consistently ranked by the community as the number one area of need for the County, the Foundation believes that successful economic development efforts will impact the community by providing employment, increased population and tax base, meaningful work, and community pride. In addition to the Community Development and Workforce Education grants below which play a key role in setting the stage for economic development, the Foundation partners with Muhlenberg Economic Growth Alliance to support additional economic development efforts.
